Please read the following information and sign at the bottom:

- Persons should not wear metal, use a computer or cellular phone during and Ionic Foot Detox session.
- Persons with low blood sugar should eat before using the Ionic Foot Detox.
- Though not dangerous, persons having a metal joint implant may find exposure to the electromagnetic field generated by the Ionic Foot Detox to be uncomfortable. If discomfort is experience, the session will be stopped immediately.
- Persons taking prescription medication should take meds after or four hours prior to their session.
- Because the Ionic Foot Detox is designed to aid the body in eliminating toxins that the kidney and liver cannot eliminate on their own, as a general rule, it may be used by persons on dialysis or by those diagnosed with diabetes or congestive heart failure. However, persons with these conditions, or any other medical condition, should consult their physician prior to implementing the Ionic Foot Detox as part of their wellness program.
- In addition to toxins being pulled out of the bloodstream, valuable electrolytes (calcium, potassium, sodium, and magnesium) may also be purged from the body. To safeguard against this possibility, users are encouraged to drink and Emergen C or have some minerals in water directly after their session.
